Loving Care

At IngeCare seniors are treated as a loving family member. These are not just words but a way of life for Inge. Decades of caring for the elderly in a truly loving way takes a very dedicated and special kind of person. You've found that kind of person at IngeCare.

Nutrition Matters

Making sure our seniors have, and enjoy, balanced and nutritious meals, while also catering to special dietary needs, is a critical part of IngeCare.

Safe and Secure

With new Security and Fire prevention systems, along with 24hr monitoring and all residence having a personal medical alert device, everyone can feel safe and secure at IngeCare.

Integrative Health

It's a fact that seniors respond in a positive way to an Integrative Health approach. IngeCare offers Aroma and Reiki therapy since relaxation and peace of mind are so important to overall health and well being.

Active Minds

The importance of staying active both mentally and physically is focused on at IngeCare. Our seniors stay engaged with each other through exercise, walking, and planned activities together.

Affordable

Planning for assisted care can be financially disruptive. Inge fully understands this and has worked with many families in the past to help them understand their options and work through these challenges.

IngeCare

Assisting Loved Ones in Life's Later Years

Congratulations, your search for assisted living, where the real focus is on what's best for your loved one, is finally over.

About IngeCare

At IngeCare, we believe seniors should live in a REAL home, not a large institution. We help ease the transition to senior living by offering intimate care in a home setting.

Our experienced staff is ready to provide excellent individual care that won't be found at other local homes or institutional facilities.

Your loved one is invited to live life together with other seniors who are cared for by a truly loving staff. Residents are assisted with: cleaning, bathing, eating and just plain enjoying life in a loving home !

We are proud to say that IngeCare is licensed by the Arizona Department of Health Services at the Directed Care level.

About Inge

Inge is widely known and highly respected in the Verde Valley.

With decades of training and experience as a licensed caregiver, all while owning large group homes and smaller assisted homes in both Germany and the US, Inge has established herself as one of the premier caregivers in the region and is highly sought after.

Healing Alternatives

Inge's extensive experience in working with the elderly, along with her unique integrative health and holistic training, has allowed her to work closely with seniors, along with their families and physicians, to greatly improve their health and well being by offering proven holistic approaches, and alternatives, to traditional medications which can sometimes be unnecessary or over used.

The Next Step

We encourage you to learn more about the unique advantages of IngeCare at our website and to schedule an appointment.

We look forward to earning your trust, and that of your loved one, as the newest member of the IngeCare family.

We look forward to helping you !!
